

Technical Career Institute

Since 1975, Technical Career Institute has been helping students get the professional training they need to succeed in today's fast-paced work environment. Technical Career Institute is located in exciting Miami, Florida, and offers quality education and skills training in fields including healthcare, computers, and business. Technical Career Institute's professional programs can lead you to a certificate, diploma, or Occupational Associate degree. We provide training in a business-oriented atmosphere, promote high standards of excellence, and guide students towards careers that closely match their skills and aspirations.

Technical Career Center is licensed by the Commission for Independent Education of the Florida Department of Education, and accredited by the Accrediting Commission of the Council on Occupational Education, a national accrediting agency recognized by the United States Department of Education.

Benefits

- **Career Placement:** At Technical Career College, our career placement program employs a wide variety of resources to help our students and recent graduates identify appropriate job opportunities. We encourage a professional attitude, and offer assistance in resumé preparation and job interview skills.
- **Academic Advisement:** We want you to succeed! At Technical Career College, you can receive ongoing academic support and advisement to help you determine your direction, set goals and develop plans for achieving your dreams.
